

Professional Strength!

MOTOR PRO

AUTOMOTIVE

SHOP FLOOR CLEANER

Concentrated

Great For All
Floor Surfaces!

DESCRIPTION:

Motor Pro Shop Floor Cleaner has been specially formulated for automotive industry to clean the toughest floor dirt and grease. This industrial strength cleaner is based on a revolutionary colloidal technology that penetrates and lifts grease, oil, dirt on all hard surfaces without harming the surface finish. It is excellent for all types of shop floors including sealed concrete, linoleum, painted walls and wood. Easily cuts through grease and dirt. **Motor Pro** cleaner is super concentrated and environmentally friendly and requires no ventilation. Recommended for use in automatic type floor scrubbers, stream jennies, pressure sprayers and hand mopping. Does not contain petroleum based solvents.

DIRECTIONS:

Apply **Motor Pro** Shop Floor Cleaner on the floor or wall to be cleaned, wait a few seconds until the cleaner penetrates the surface, then mop and rinse. Repeat, if necessary. For added cleaning power use hot water to dilute the concentrate. For ideal dilution ratios see below for details. Rinse with water when completed.

APPLICATION & DILUTION RATIOS:

Shop Floor Cleaning	10 to 1
Oil and Fuel Clean up	2 to 1
High Pressure Cleaning	30 to 1
Wall and Wood Surfaces	10 to 1
