description:

Effective™ Mega Detergent is an all temperature, 100% biodegradable, color safe formula featuring a unique combination of detergent, brightener and softener ideally suited for both top and front loader use, while gentle on fabrics and skin.

features & benefits

- Color safe
- Easy pump dispenser
- No mess
- Biodegradable
- Earth-friendly
- Softens & brightens
- Non-toxic
- Super concentrated

procedure:

Select the proper water temperature for fabric, color and type. For front loaders add two pumps of detergent for regular loads. Top loading washing machines require four pumps of detergent for regular loads. Dry as recommended.
